

## AMENDMENTS TO THE SPECIFICATION

PLEASE DELETE *paragraph [0004.1]*

PLEASE ADD *the following paragraph [0005.1] immediately below paragraph [0005]:*

[0005.1] These problems are not unique to direct conversion receivers. An example of a receiver that converts to a non-zero intermediate frequency but remains vulnerable to the low-frequency problems listed above is illustrated in FIG. 13 of U.S. Patent 5,875,212 to Fleek *et al.*
